**THANKS!**

Many thanks go to all those individuals who have been so willing to help out -- and at the last moment in some cases. Also, a very special thanks goes to my cast. Not only have they been fun to work with, but they've proven themselves to be dependable, hardworking and talented. They made working on this show a real blessing. Finally, thanks go to you, the audience, for being here tonight. I hope you get to throw lots of popcorn and "boo and cheer" to your heart's content!

God's blessings, Mrs. Kemnitz
