Special Thanks To....

Mrs. Hernandez (for not letting us starve Monday night!), Ms. Susan Westerman and Mrs. Cheryl Fritsche for all their extra time and much needed help. Thanks also to the cast and crew for all their hard work and dedication.

....I also have one more note for you, the audience. This show calls for the drinking of alcohol and smoking of cigarettes. While these serve to create a clearer concept of the character, we certainly do not condone the use of these substances. So when you see the imitations of these elements please use your imagination for the rest.

Thank you for being here tonight with us. God's blessings and enjoy the show!
